

Standard Mounting Base

(technical data brief)

The Standard Mounting Base is designed to enable easy installation of point smoke and heat detectors and their connection to fire alarm control panel. The detector head is fixed on the base due to bayonet joints.

Dimensions (diameter, height), mm 96 x 13

Weight ≤ 50 g

Features

- Bayonet joints enable easy fitting
- Terminals for a remote indicator
- Detector locking mechanism
- No integrated electronics
- Installation on structural and suspended ceilings

Detectors covered

Smoke detectors without SCI	NS 260, WS 260, TS 260
Smoke detectors with SCI	NS 261, WS 261, TS 261
Heat detectors without SCI	NT 260, WT 260, TT 260
Heat detectors with SCI	NT 261, WS 260, TS 260
